

Rockwell Parts

Rockwell Parts - AxleTech International is a premier supplier in the world of specialty vehicle drive-train systems and parts together with off highway vehicles. The business prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an environment that encourages the highest integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of ecological safety and stewardship in how they do business. The business has put various programs in place so as to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever questions or comments, because they are happy to share and promote this policy with a greater understanding of their efforts. They are very devoted to preserving and improving the environment. AxleTech has an EHS program which not only protects the environment but which likewise actively protects their staff and neighbors as well.

AxleTech specializes in the manufacture and designing of planetary axles meant for both commercial and military applications, that can comprise anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech particularly designs axles to meet certain application demands. They have over one thousand various axle specs within their existing offering. With over 100+ years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in numerous military and commercial applications. They provide complete axle assemblies utilized for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have further details which can be found in the "ISAS" product collection.
